**RE: CONSTRUCTION TO BEGIN ON AYRAULT ROAD CULVERT
REHABILITATION PROJECT
(0.55 MILES WEST OF ROUTE 250 (BETWEEN SOUTHCROSS
TRAIL AND THORNFIELD WAY))
TOWN OF PERINTON, MONROE COUNTY**

Dear Neighbor:

On Monday, August 30th, a contractor for the Monroe County Department of Transportation (C.P. Ward) will begin construction work on the **Ayrault Road Culvert Rehabilitation Project**.

The project will consist of:

- Brush clearing and tree removals
- Lining of the existing culvert with a new, polymer-coated, steel pipe arch
- Replacement of small closed drainage pipes on the north side of Ayrault Rd
- Upgrades to guiderail end sections to meet current standards.
- Installation of heavy stone fill / rip-rap on both sides of the culvert
- Site restoration with topsoil/seed

Ayrault Road will remain open and no detour is planned for this project. The work will instead require daily shoulder closures and lane shifts, with alternating one-way traffic being utilized at times. Access to properties and side roads will be maintained during construction. Barring any unforeseen circumstances, we expect to have the project completed by early October.

If you have any questions regarding the project, please contact David Kubiak, Transportation Project Manager, at 585-753-7731 or by e-mail at davidkubiak@monroecounty.gov. Construction updates may also be obtained by visiting our website at www.monroecounty.gov/dot-construction

Sincerely,

A handwritten signature in blue ink, appearing to read "D. Kubiak".

David Kubiak, P.E.,
Transportation Project Manager
